PAGE 1

Dear Customer,

This is your true-up statement for your PG&E Net Energy Metering account with an interconnected solar (photovoltaic) or wind generator.

This lists your total cumulative energy charges/credits(-) for this true-up period including any current month energy charges/credits(-). If you have any net annual charges as listed below, you will also see these on your current monthly blue bills. Any excess energy credits for the true-up period will not be applied to your next true-up period. The net metering program was designed by the legislature for systems sized to customer load on an annual basis; currently approved tariffs and legislation provide that no credit be carried forward to the next true-up period.

Any payments you may have made are reflected on your monthly blue bills. Excess payments you have made over this true-up period will be applied toward your future bills.

TOTAL TRUE-UP BILLED AMOUNT: \$85.81*

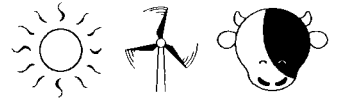

*This amount includes True-up Energy charges and current month's billed amount and is reflected on your regular monthly blue bills. It includes the following components: Transmission \$37.56, Distribution \$-72.30, Public Purpose Programs \$40.06, Nuclear Decommissioning \$1.37, DWR Bond Charge \$15.55, On-Going CTC \$21.64, Energy Cost Recovery Amount \$10.47, Generation \$26.39, Energy Commission Tax \$0.79, Utility User Tax \$4.04 and San Jose Franchise Surcharge Amount \$0.24.

If the electric total charge on the blue bill for this month is very large, it is because you have been paying your energy charges on an annual basis. You have an option of paying your energy charges monthly in the coming year. Under the Net Energy Meter program you may pay all or part of your energy charges on a monthly basis rather than waiting until true-up bill. If you did receive a large true-up bill and would like to discuss your payment options, please call PG&E at (877) 743-4112. Thank you for doing business with PG&E.

For inquiries about your Net Energy Metering bill, please contact the Solar Customer Service Center at 1-877-743-4112.
For all other inquiries, please call 1-800-743-5000.

ENERGY CHARGES/CREDITS

Current Month Energy Charge or Credit (-) **\$-21.75**

Cumulative Energy Charges or Credits (-) for the current true-up period: **\$127.26**
 This Cumulative Energy Charge does not reflect any payment you may have made.

You have the option to pay your energy charges either monthly or at the end of your true-up period.

ANY UNPAID ENERGY CHARGES WILL BE DUE AT THE END OF YOUR TRUE-UP PERIOD (Jul 2011)

CURRENT MONTH METER INFORMATION:

METER BADGE ID	SEASON	TOU PERIOD	PRIOR READ	CURRENT READ	DIFFERENCE	METER CONSTANT	ENERGY
1003193632	Summer	Peak	46,545	46,426	-119	1	-119
1003193632	Summer	Off	11,146	11,328	182	1	182
TOTALS			57,691	57,754			63

CURRENT MONTH METER INFORMATION:

METER BADGE ID	SEASON	PRIOR READ	CURRENT READ
1003193632	Summer	57,691	57,754
TOTALS		57,691	57,754

Off-Peak is not an actual meter read. Your meter displays the peak read and the total read. The off-peak "read" provided on your bill is calculated as follows: Off-Peak Read = Total Read - On-Peak Read. If this is a seasonal cross-over month (May or November), this calculation will be completed for both seasons by prorating the data from your meter.

CURRENT MONTH BASELINE QUANTITY INFORMATION:

DESCRIPTION	SEASON	RATE EFFECTIVE DATE	RATE DAYS	UNITS	DAILY BASELINE QUANTITY	MONTHLY BASELINE QUANTITY
B Units	Summer	03/01/11	10	1	12.10	121.000
B Units	Summer	06/20/11	23	1	11.00	253.000
TOTAL						374.000

Baseline Quantity = Rate Days / Season Days x Units x Unit Rate

For inquiries about your Net Energy Metering bill, please contact the Solar Customer Service Center at 1-877-743-4112. For all other inquiries, please call 1-800-743-5000.
